Public reporting burden for this collection of information is estimated to average 30 minutes, including the time for reviewing instructions, searching existing data sources, gathering data, completing, and reviewing the information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to VA Clearance Officer (005R1B), 810 Vermont Avenue NW, Washington, DC 20420. Do not send applications to this address.

AUTHORITY: The information requested on this form and Authorization for Release of Information is solicited under Title 38, United States Code, Chapters 73 and 74.

PURPOSES AND USES: The information requested on the application is collected to determine your qualifications and suitability for appointment to a VA clinical training program. If you are appointed by VA, the information will be used to make pay and benefit determinations and in personnel administration processes carried out in accordance with established regulations and systems of records.

ROUTINE USES: Information on the form may be released without your prior consent outside the VA to another federal, state or local agency. It may be used to check the National Practitioner Health Integrity and Protection Data Bank (HIPDB) or the List of Excluded Individuals and Entities (LEIE) maintained by Health and Human Services (HHS), Office of Inspector General (OIG), or to verify information with state licensing boards and other professional organizations or agencies to assist VA in determining your suitability for a clinical training appointment. This information may also be used periodically to verify, evaluate, and update your clinical privileges, credentials, and licensure status, to report apparent violations of law, to provide statistical data, or to provide information to a Congressional office in response to an inquiry made at your request. Such information may be released without your prior consent to federal agencies, state licensing boards, or similar boards or entities, in connection with the VA's reporting of information concerning your separation or resignation as a professional staff member under circumstances which raise serious concerns about your professional competence. Information concerning payments related to malpractice claims and adverse actions which affect clinical privileges also may be released to state licensing boards and the National Practitioner Data Bank. Information will be stored in a confidential and secure VA database for purposes of processing your application and may be verified through a computer matching program. Information from this form may also be used to survey you regarding employment opportunities in VA and to solicit you perceptions about your clinical training experiences at VA and non-VA facilities.

EFFECTS OF NON-DISCLOSURE: See statement below concerning disclosure of your social security number. Completion of this form is mandatory for consideration of your application for a clinical training position in VA; failure to provide this information may make impossible the proper application of Civil Service rules and regulations and VA personnel policies and may prevent you from obtaining employment, employee benefits, or other entitlements.

INFORMATION REGARDING DISCLOSURE OF YOUR SOCIAL SECURITY NUMBER UNDER PUBLIC LAW 93-579 SECTION 7(b)

Disclosure of your Social Security Number (SSN) is mandatory to obtain the employment and benefits that you are seeking. Solicitation of the SSN is authorized under provisions of Executive Order 9397 dated November 22, 1943. The SSN is used as an identifier throughout your Federal career. It will be used primarily to identify your records. The SSN also will be used by Federal agencies in connection with lawful requests for information about you from former employers, educational institutions, and financial or other organizations. The information gathered through the use of the number will be used only as necessary in personnel administration processes carried out in accordance with established regulations and published notices of systems of records, 'Applicants for Employment' under Title 38, U.S.C.-VA (02VA135), in the 2003 Compilation of Privacy Act Issuances. The SSN will also be used for the selection of persons to be included in statistical studies of personnel management matters. The use of the SSN is necessary because of the large number of Federal employees and applicants with identical names and birth dates whose identities can only be distinguished by the SSN.
